Purpose & Background:

Concerns had been raised over disruption, cleanliness and health issues regarding dogs and other pets on the church campus and especially in the sanctuary area.

Policy:

The Community Church of Sebastopol seeks to be a welcoming place for people and, in many cases, their pets. Pet-free zones include the Sanctuary, Fireside Room, and Faith Chapel. If a pet poses a safety, health, or comfort concern to any person, the owner will be asked to remove the pet from the campus.
